Hi Aunjanee,

Attached is a letter from the legal firm that had approached Weston about continuing air sampling at the Denka facility in LaPlace, LA. The letter contains information already discussed, but it also asks that the EPA continue its air sampling schedule and method per the R6 TDD closing this week. Note that the letter was Cc'd to the RA, DRA, and ORC. I've forwarded to my chain, but I'm sending to you also so that we're all on the same page.
